HEALTH COMMUNITY  
PARTNERSHIP • EMPOWERMENT •

**Our Partnership with Fairfax County Health Department under the Office of Health and Human Services grant project, "Stronger Partnership, Stronger Community (Stronger2)" which uses health literacy to increase resiliency in the community to close the gap in healthcare and other disparities amongst minorities is a natural pairing. COVID-19 has put a spotlight on these disparities, especially in the Black and Latino communities. The cost in terms of human lives and economic deprivation has been devastating. As a Fairfax County community-based organization, Psi Alpha Alpha Chapter is doing everything in its power to combat the pandemic, and the social economic status of not only the minority citizens in Fairfax County (southern corridor), but its citizens at large.**
